

Notice to Residents – Trail Closure due to PUA Main Line Work

Dear Lake Pointe Residents,

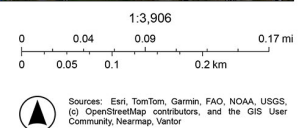

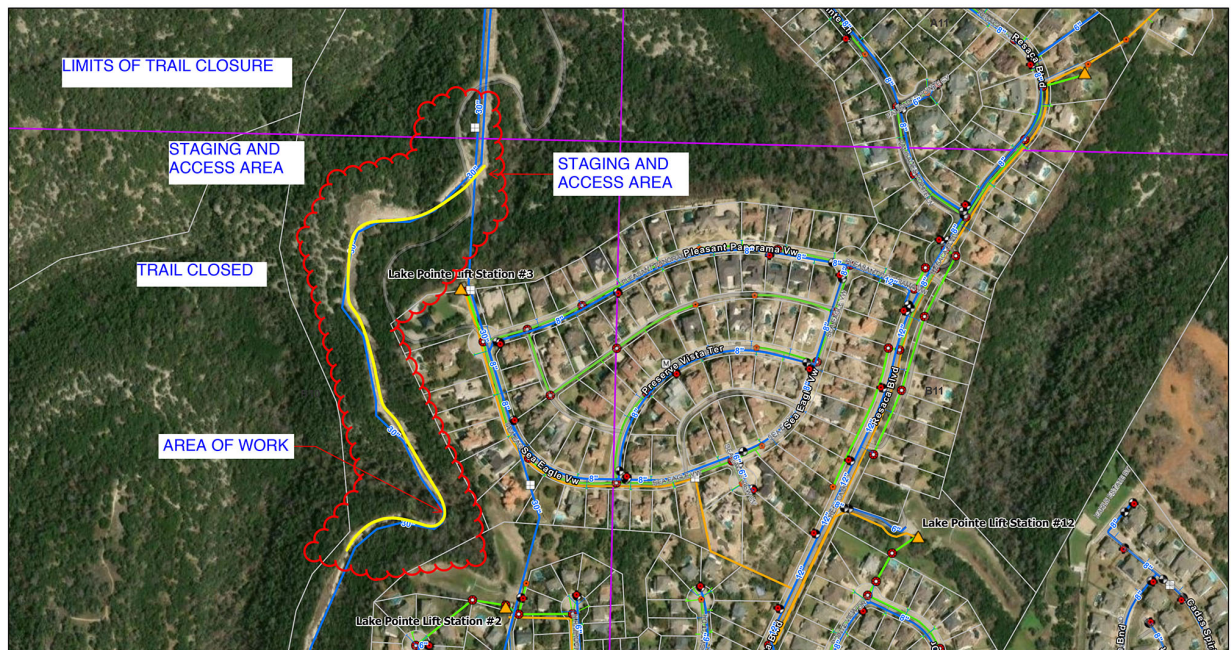

Portions of the pedestrian trail that originates from the Clubhouse down to the lake access road will be **temporarily closed effective Wednesday, October 7th** so that the WTCPUA can perform water line work. Please refer to the map included in this email for specific impacted areas.

Residents may still use the upper portion of the trail behind the clubhouse with access down the steep hill to the Carlsbad trailhead. At this time, the exact duration of the repairs and trail closure is uncertain, as it will depend on what WTCPUA discovers during excavation and actual field conditions.

The Lake Pointe MUD will notify residents when the construction is complete and the trail has been fully reopened. Any questions from residents can be directed to WTCPUA Customer Service at 512-263-0125. For questions related to the Preserve, please contact preserve@lakepointemud.org.

Thank you.
