

Preserve Trail Fully Reopened Following WTCPUA Inspection

Dear Lake Pointe Residents,

We are pleased to share that the pedestrian trail originating from the Clubhouse down to the lake access road is now fully reopened for resident use.

As communicated by the West Travis County Public Utility Agency (WTCPUA), utility crews completed their targeted excavations along the raw water line and confirmed that there is no leak in the line. Following the inspection, WTCPUA staff completed site restoration and backfilling, allowing the trail to safely reopen.

We appreciate your patience and cooperation while this utility inspection was carried out.

If you have any questions regarding WTCPUA utility operations, please contact WTCPUA Customer Service at **512-263-0125**. For questions regarding the Preserve, you can reach the District at **preserve@lakepointemud.org**.

Thank you.
